### ***Marion County Prosecutor Terry Curry announces alcohol-related charges to be re-filed in the David Bisard case***

(Indianapolis, Ind.) Marion County Prosecutor Terry Curry announced today that the Marion County Prosecutor's Office has re-filed the previously dismissed alcohol-related charges against David Bisard. The charges include the following:

- Operating a Motor Vehicle with a BAC 0.15 or Higher Causing Death (Class B Felony)
- Operating a Motor Vehicle While Intoxicated Causing Death (Class C Felony)
- Reckless Homicide (Class C Felony)
- Operating a Motor Vehicle While Intoxicated Causing Serious Bodily Injury (Class D Felony)
- Operating a Motor Vehicle with a BAC 0.08 or Higher Causing Serious Bodily Injury (Class D Felony)
- Operating a Motor Vehicle While Intoxicated Causing Serious Bodily Injury (Class D Felony)
- Operating a Motor Vehicle with a BAC 0.08 or Higher Causing Serious Bodily Injury (Class D Felony)

During the press conference where Prosecutor Curry discussed the charges, he also stated that it is appropriate to have a judge rule on the admissibility of the blood test that was administered to Bisard following the Aug. 6, 2010 crash that killed motorcyclist Eric Wells, and injured Mary Mills and Kurt Weekly, if the defendant seeks to challenge its admissibility.

"After a thoughtful and careful review of the case by this office, we think that if there is any ambiguity in the law as it relates to the admissibility of the blood test, then a judge should make that final determination," Prosecutor Curry said. "We will make every argument we feel is appropriate for the test to be admissible and are committed to vigorously pursue this case."
